

# AQUASENSE<sup>2</sup>

GENERATION 2

PREMIUM ENGINEERED WATERPROOF FLOORING

# A Foundation of Quiet Confidence

AquaSense's engineered hardwood brings warmth, resilience, and a sense of calm shaped by motion and light.

Build for the tempo of hustle and bustle but with the soul of natural wood, AquaSense floors are as enduring as they are refined. From the morning echo of bare feet to evening cocktails with friends, these planks perform beautifully without ever needing to boast.

*"Design isn't just about beauty, it's about consistency. AquaSense understands both."*

- Alex Shaoulpour, President of HF Design

# The Tones that Ground Us

The AquaSense palette is a study in balance. Each color was curated to ground luxury spaces with a sense of clarity and calm. These are not colors designed to compete for attention, but to carry it, subtly shaping the atmosphere of a room.

From cool silvers that reflect the rhythm of modern life to warm browns that evoke heritage and softness, the AquaSense collection offers tones that are quietly powerful. Whether paired with stone, velvet, linen, or glass, every finish is designed to support a deeper material dialogue between function and feeling, silence and structure.

# Lincoln

Lincoln is a soft, sandy oak with muted warmth and a smooth, grain. Its natural, tonal balance brings a quiet sophistication; perfect for serene, modern interiors with an understated edge.

# Flatlands

Flatlands is a rich, mid-tone oak with warm caramel hues and flowing grain detail. Its inviting depth adds quiet character to any space, earthy, grounded, and endlessly versatile.

# Carnegie

Carnegie is a warm oak with soft golden hues and subtle grain movement. Its clean, even tone brings timeless warmth to both modern and transitional spaces.

# Gramercy

Gramercy is a soft, sandy beige with natural oak movement and gentle tonal variation. Its quiet texture bring a sense of ease ideal for spaces that favor light, flow, and understated beauty.

# Where Form Meets Function

## CERAMIC BEAD FINISH

- Guards against scuffs, scratches, & spills
- Easy to clean and maintain
- Built to withstand high traffic spaces

## AUTHENTIC TEXTURE

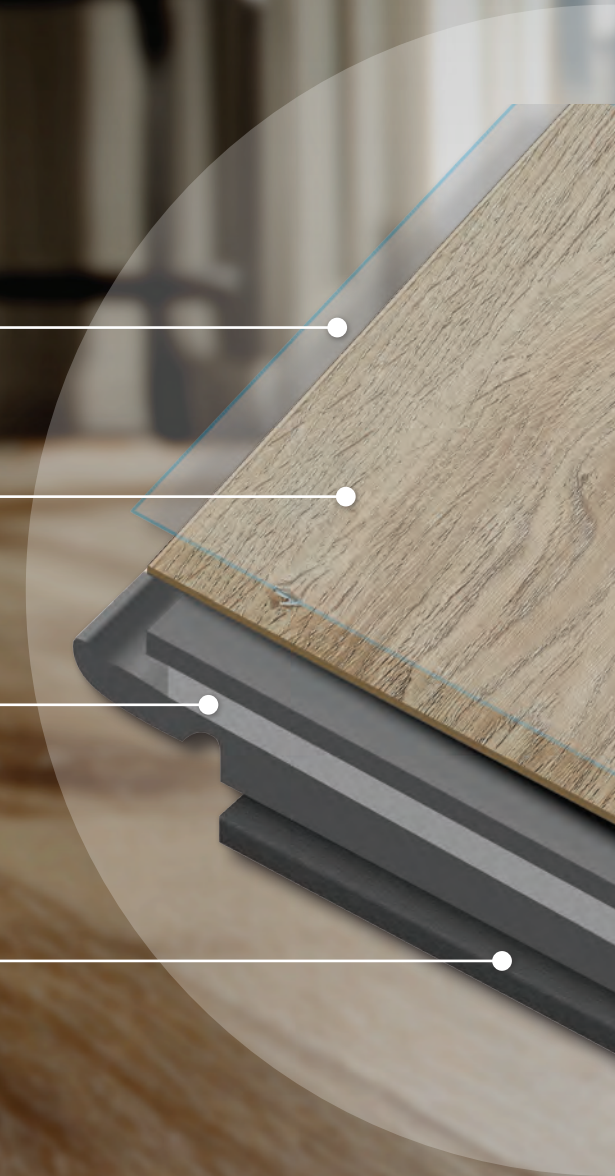

- Authentic embossing virtually undistinguishable from real hardwood
- High definition visuals and rich textures with enhanced bevel edges

## WATERPROOF POLYMER CORE

- Dimensionally stable; resists expansion and contraction under normal conditions
- Supports longer, seamless transition runs
- Balanced 3 layer core structure; enhances strength and stability

## PREMIUM IXPE FOAM UNDERLAYMENT

- Reduces noise for a quieter space
- Adds warmth and comfort underfoot

# Lenox

*Lenox is a soft, golden beige with subtle warmth and a delicate, natural grain. Its clean, sunlit tone adds effortless brightness; ideal for open spaces, light interiors, and serene, modern living.*

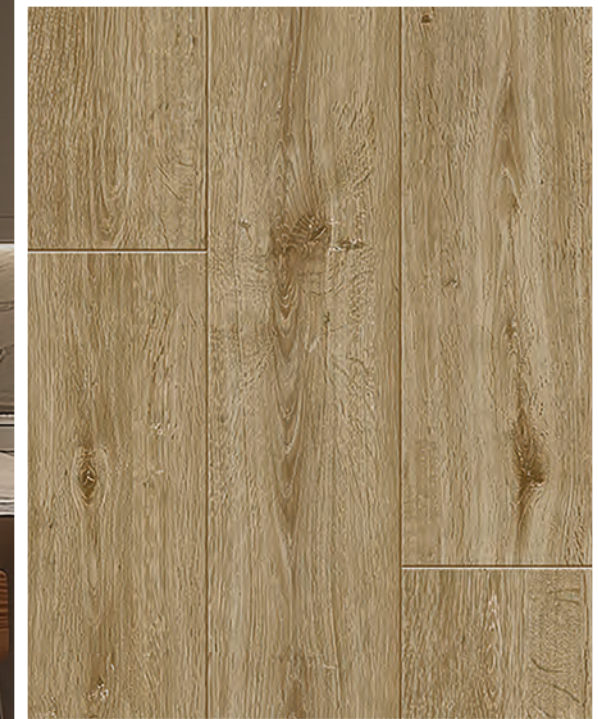

# Hudson

Hudson is a golden oak tone with soft amber warmth and gentle grain movement. Its sunny character brings an open feel to interiors; inviting, timeless, and full of quiet charm.

# Cedar Point

Cedar Point is a sun-warmed oak with honey-brown tones and gentle grain variation, bringing natural warmth and versatility to both contemporary and classic interiors

# East Durham

East Durham is a light, honeytoned oak with natural warmth and soft grain movement. Its sun washed finish brings an airy, effortless feel to any space, grounded and easy to live with.

# Breathe Easy, Live Beautifully.

In today's interiors, air quality matters as much as aesthetics. That's why AquaSense is made without PVC or other plastics commonly found in traditional resilient flooring. By eliminating these sources of volatile organic compounds (VOCs), AquaSense helps support a healthier indoor environment for you and your family.

## PLASTIC FREE | WORRY FREE

Unlike conventional LVT, AquaSense contains no chlorine based materials, phthalates, or harmful plasticizers. That means no off gassing, no hidden toxins, just clean performance and peace of mind in every room.

## WELLNESS BEGINS AT GROUND LEVEL

Your floor is the largest surface in your home. It should support your wellbeing, not compromise it. AquaSense is ideal for bedrooms, nurseries, living spaces, and anywhere breathability and purity matter.

AQUASENSE IS MORE THAN A SURFACE; IT'S A COMMITMENT  
TO CLEANER, SAFER SPACES.

# North Fork

North Fork is a warm honey oak with golden undertones and a soft, flowing grain. Its clean, sunlit tone brings natural elegance and easy comfort to modern interiors.

# Meridian

Meridian is a rich, earthy brown with deep variation. Its moody character and layered tones add depth and drama; perfect for grounding modern spaces with warmth and quiet confidence.

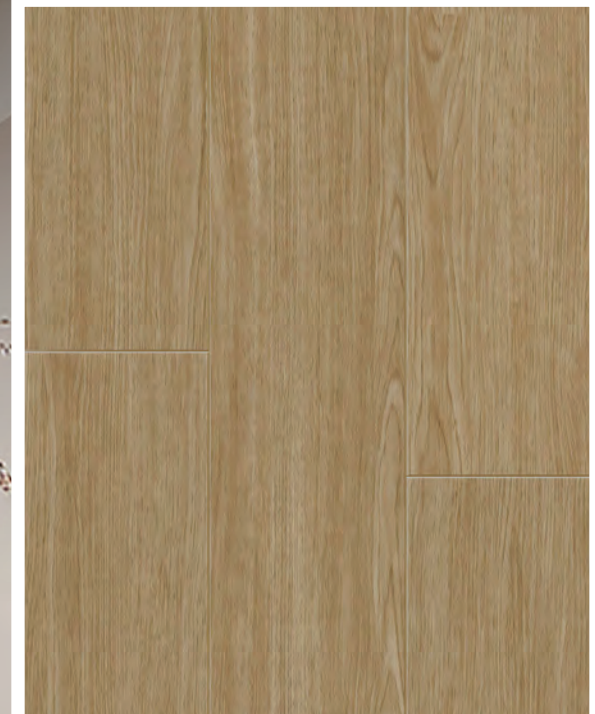

# Rock Ridge

Rock Ridge is a sun-washed natural oak with soft beige tones and delicate grain detail. Its warm, weathered character adds an easy, relaxed feel to modern or transitional spaces.

# Light Antique

Light Antique is a warm, honeyed oak with rich undertones and classic grain detailing. Its character brings depth and warmth; perfect for

spaces that blend tradition with modern comfort.

# Performance That Lasts

## MEET THE FLOOR THAT CAN KEEP UP

From juice box mishaps to rainy day puddle stomps, AquaSense is made for homes where living is joyful, active, and sometimes a little chaotic. With 100% waterproof construction and a no plastic core, this is the kind of flooring that takes everything in stride, without ever looking stressed.

## PUDDLE PROOF. PANIC PROOF.

Unlike typical floors that only shrug off water for a moment, AquaSense stays completely waterproof for the long run. That means no swelling, no bubbling, no warping, just that same matte, natural wood look you fell in love with.

## SO STYLISH, YOU'D NEVER GUESS IT'S BUILT FOR CHAOS

AquaSense brings elegance to real life. Quiet tones. Understated grain. Clean lines. All wrapped around a core tough enough to handle pets, snacktime spills, and back to school mornings without blinking.

**100 % WATERPROOF**

**NO WARPING. NO SWELLING. NO STRESS.**

**KIND AND PET HAPPY, GROWN UP APPROVED**

**CLEANS UP IN SECONDS, NO SPECIAL TOOLS REQUIRED**

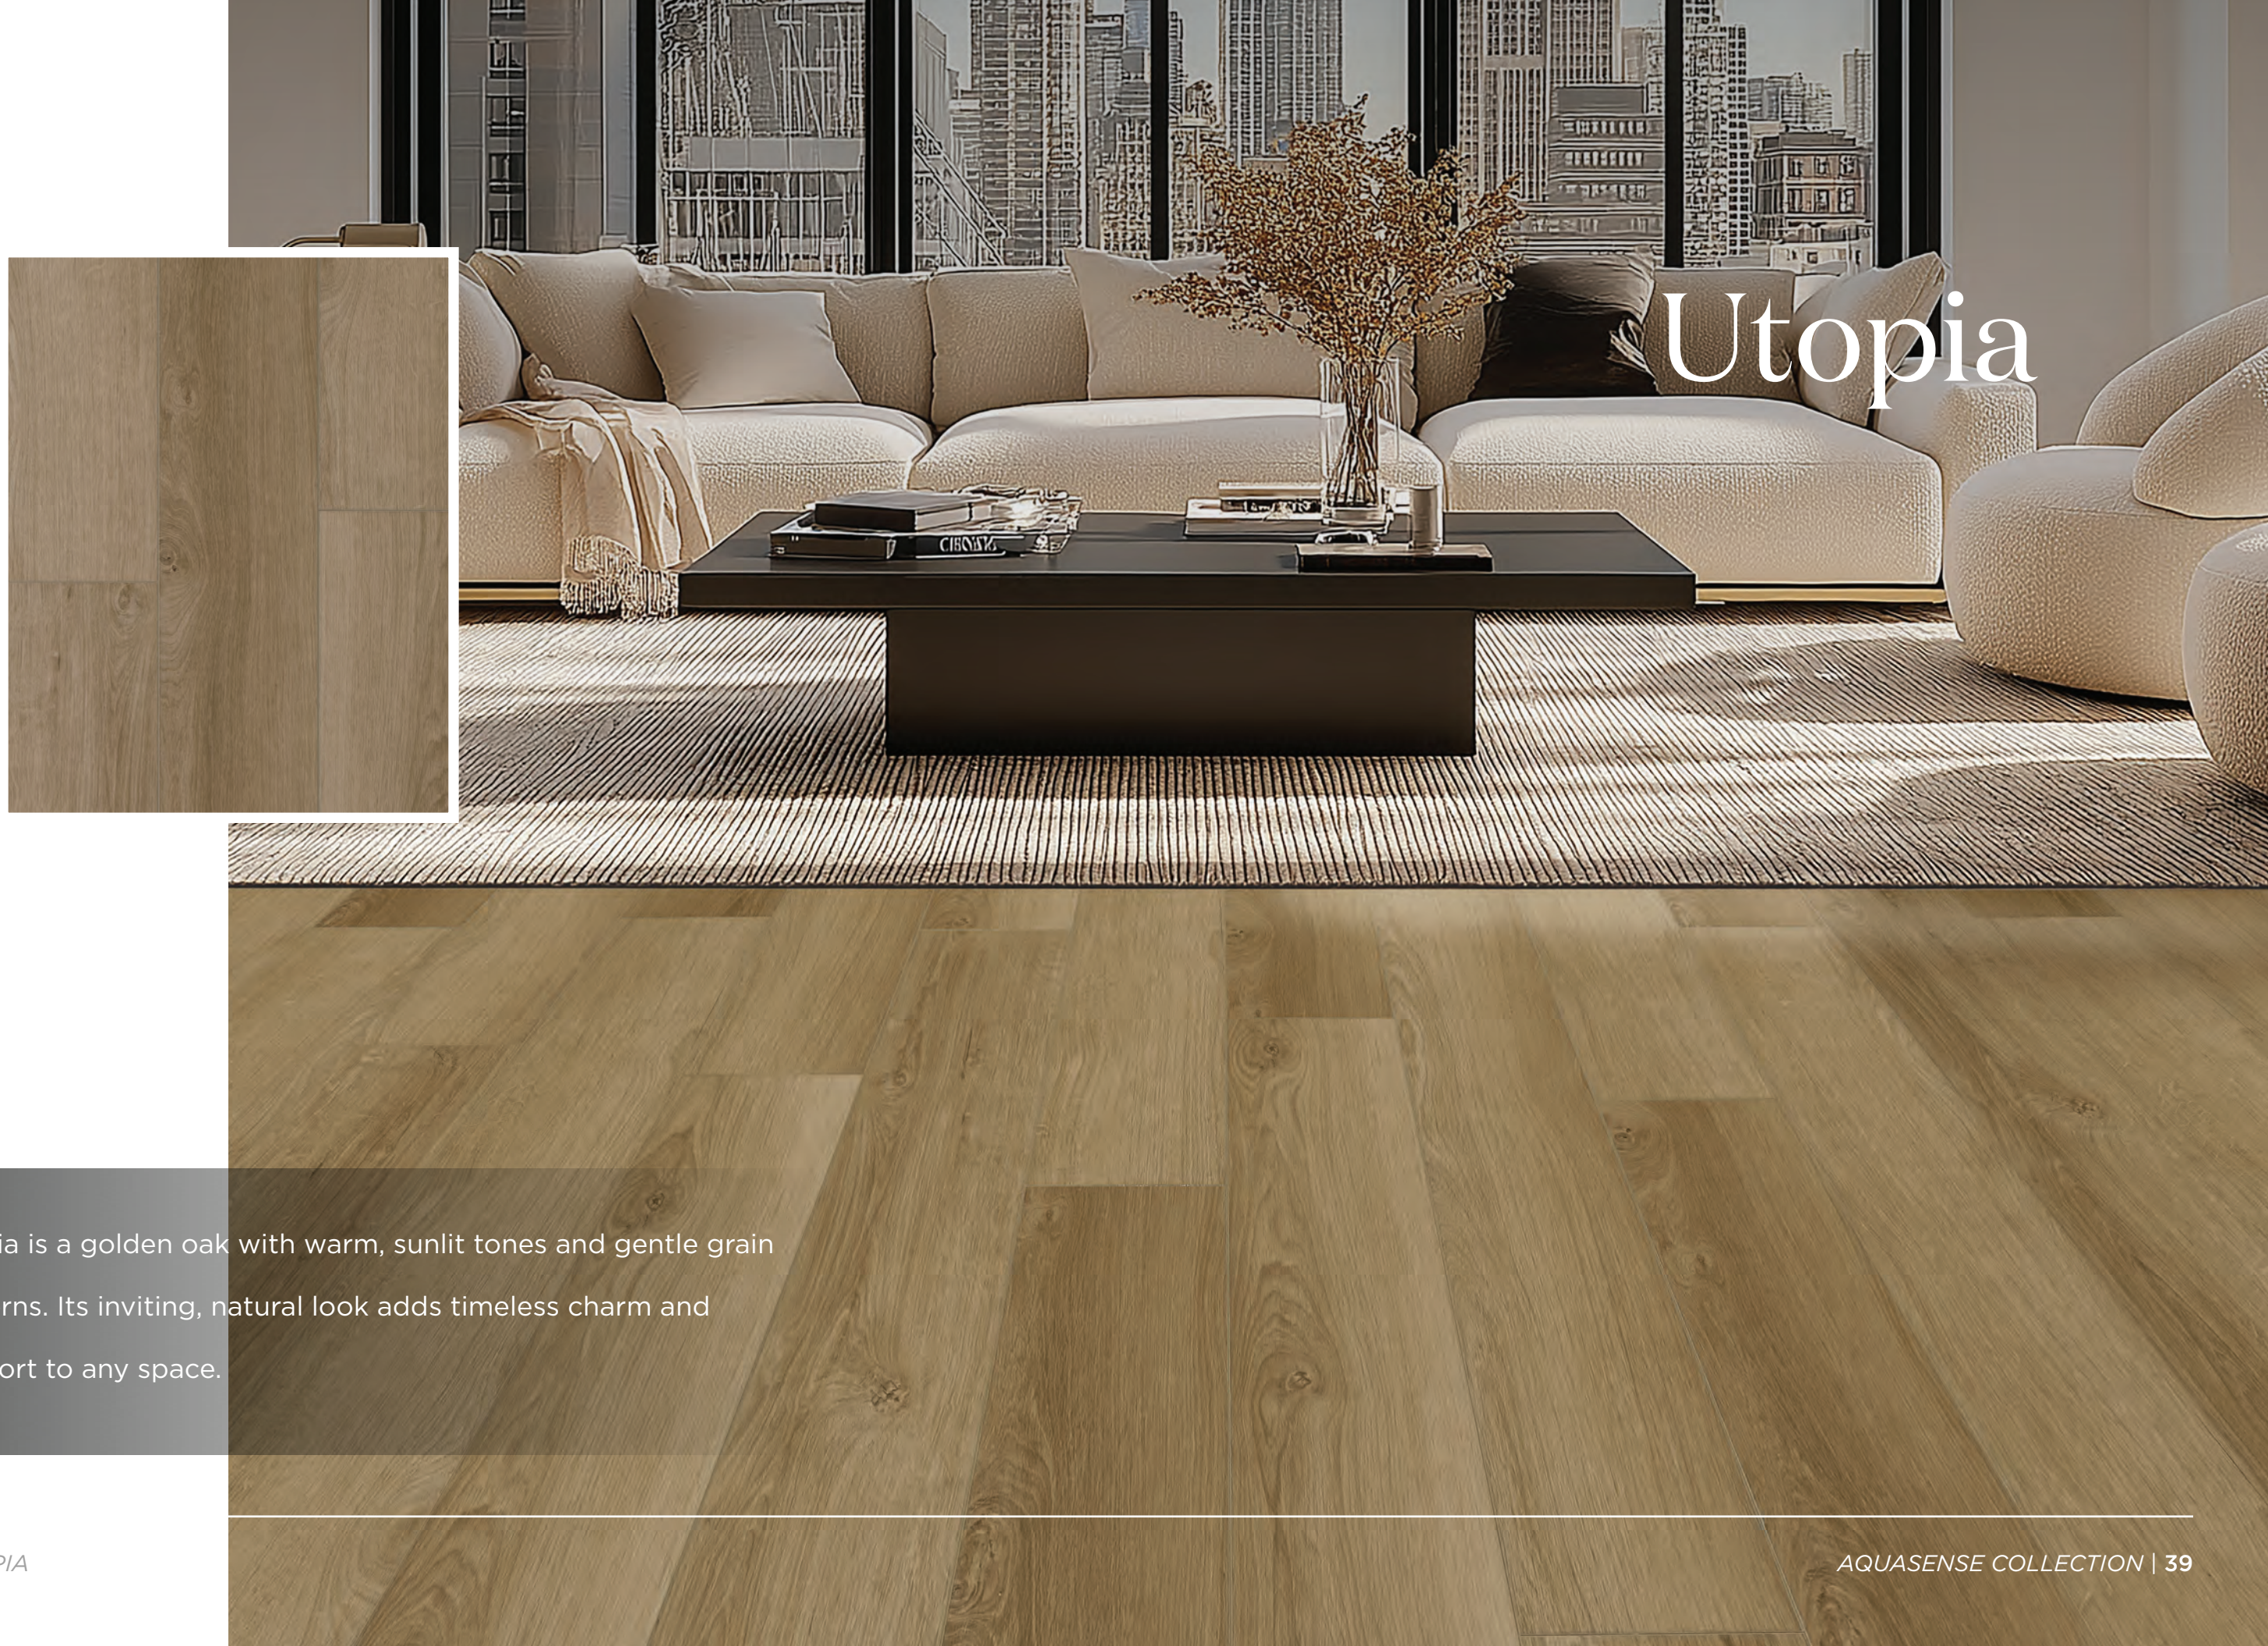

# Soho

Soho is a light, natural oak with soft beige tones and a smooth, understated grain. Its airy, modern look brightens any space while adding timeless elegance.

# Utopia

Utopia is a golden oak with warm, sunlit tones and gentle grain patterns. Its inviting, natural look adds timeless charm and comfort to any space.

# Westchester

Westchester is a light oak with soft beige-brown tones and delicate grain patterns, adding timeless warmth and versatility to any interior.

# Sand Harbor

Sand Harbor is a weathered oak with warm beige undertones and gentle grain variation, bringing a relaxed coastal feel to any space.

# Waterproof and Eco Friendly

## THE LOOK YOU LOVE, WITHOUT THE COMPROMISE

AquaSense brings the beauty of natural wood into your home with the durability of waterproof vinyl, all with reduced use of PVC and other plastics in its core. Crafted for modern living, AquaSense offers a sustainable flooring choice that's kinder to the environment while delivering everyday performance you can trust.

Traditional waterproof floors often rely on vinyl or synthetic cores. AquaSense is different, its core is made from low impact, eco smart materials, making it a healthier, more eco conscious choice that still delivers exceptional water resistance.

# Breakers Point

Breaker Point is a soft, cool taupe with subtle gray undertones and a refined grain. Its gentle warmth wraps a space in calm, inviting stillness.

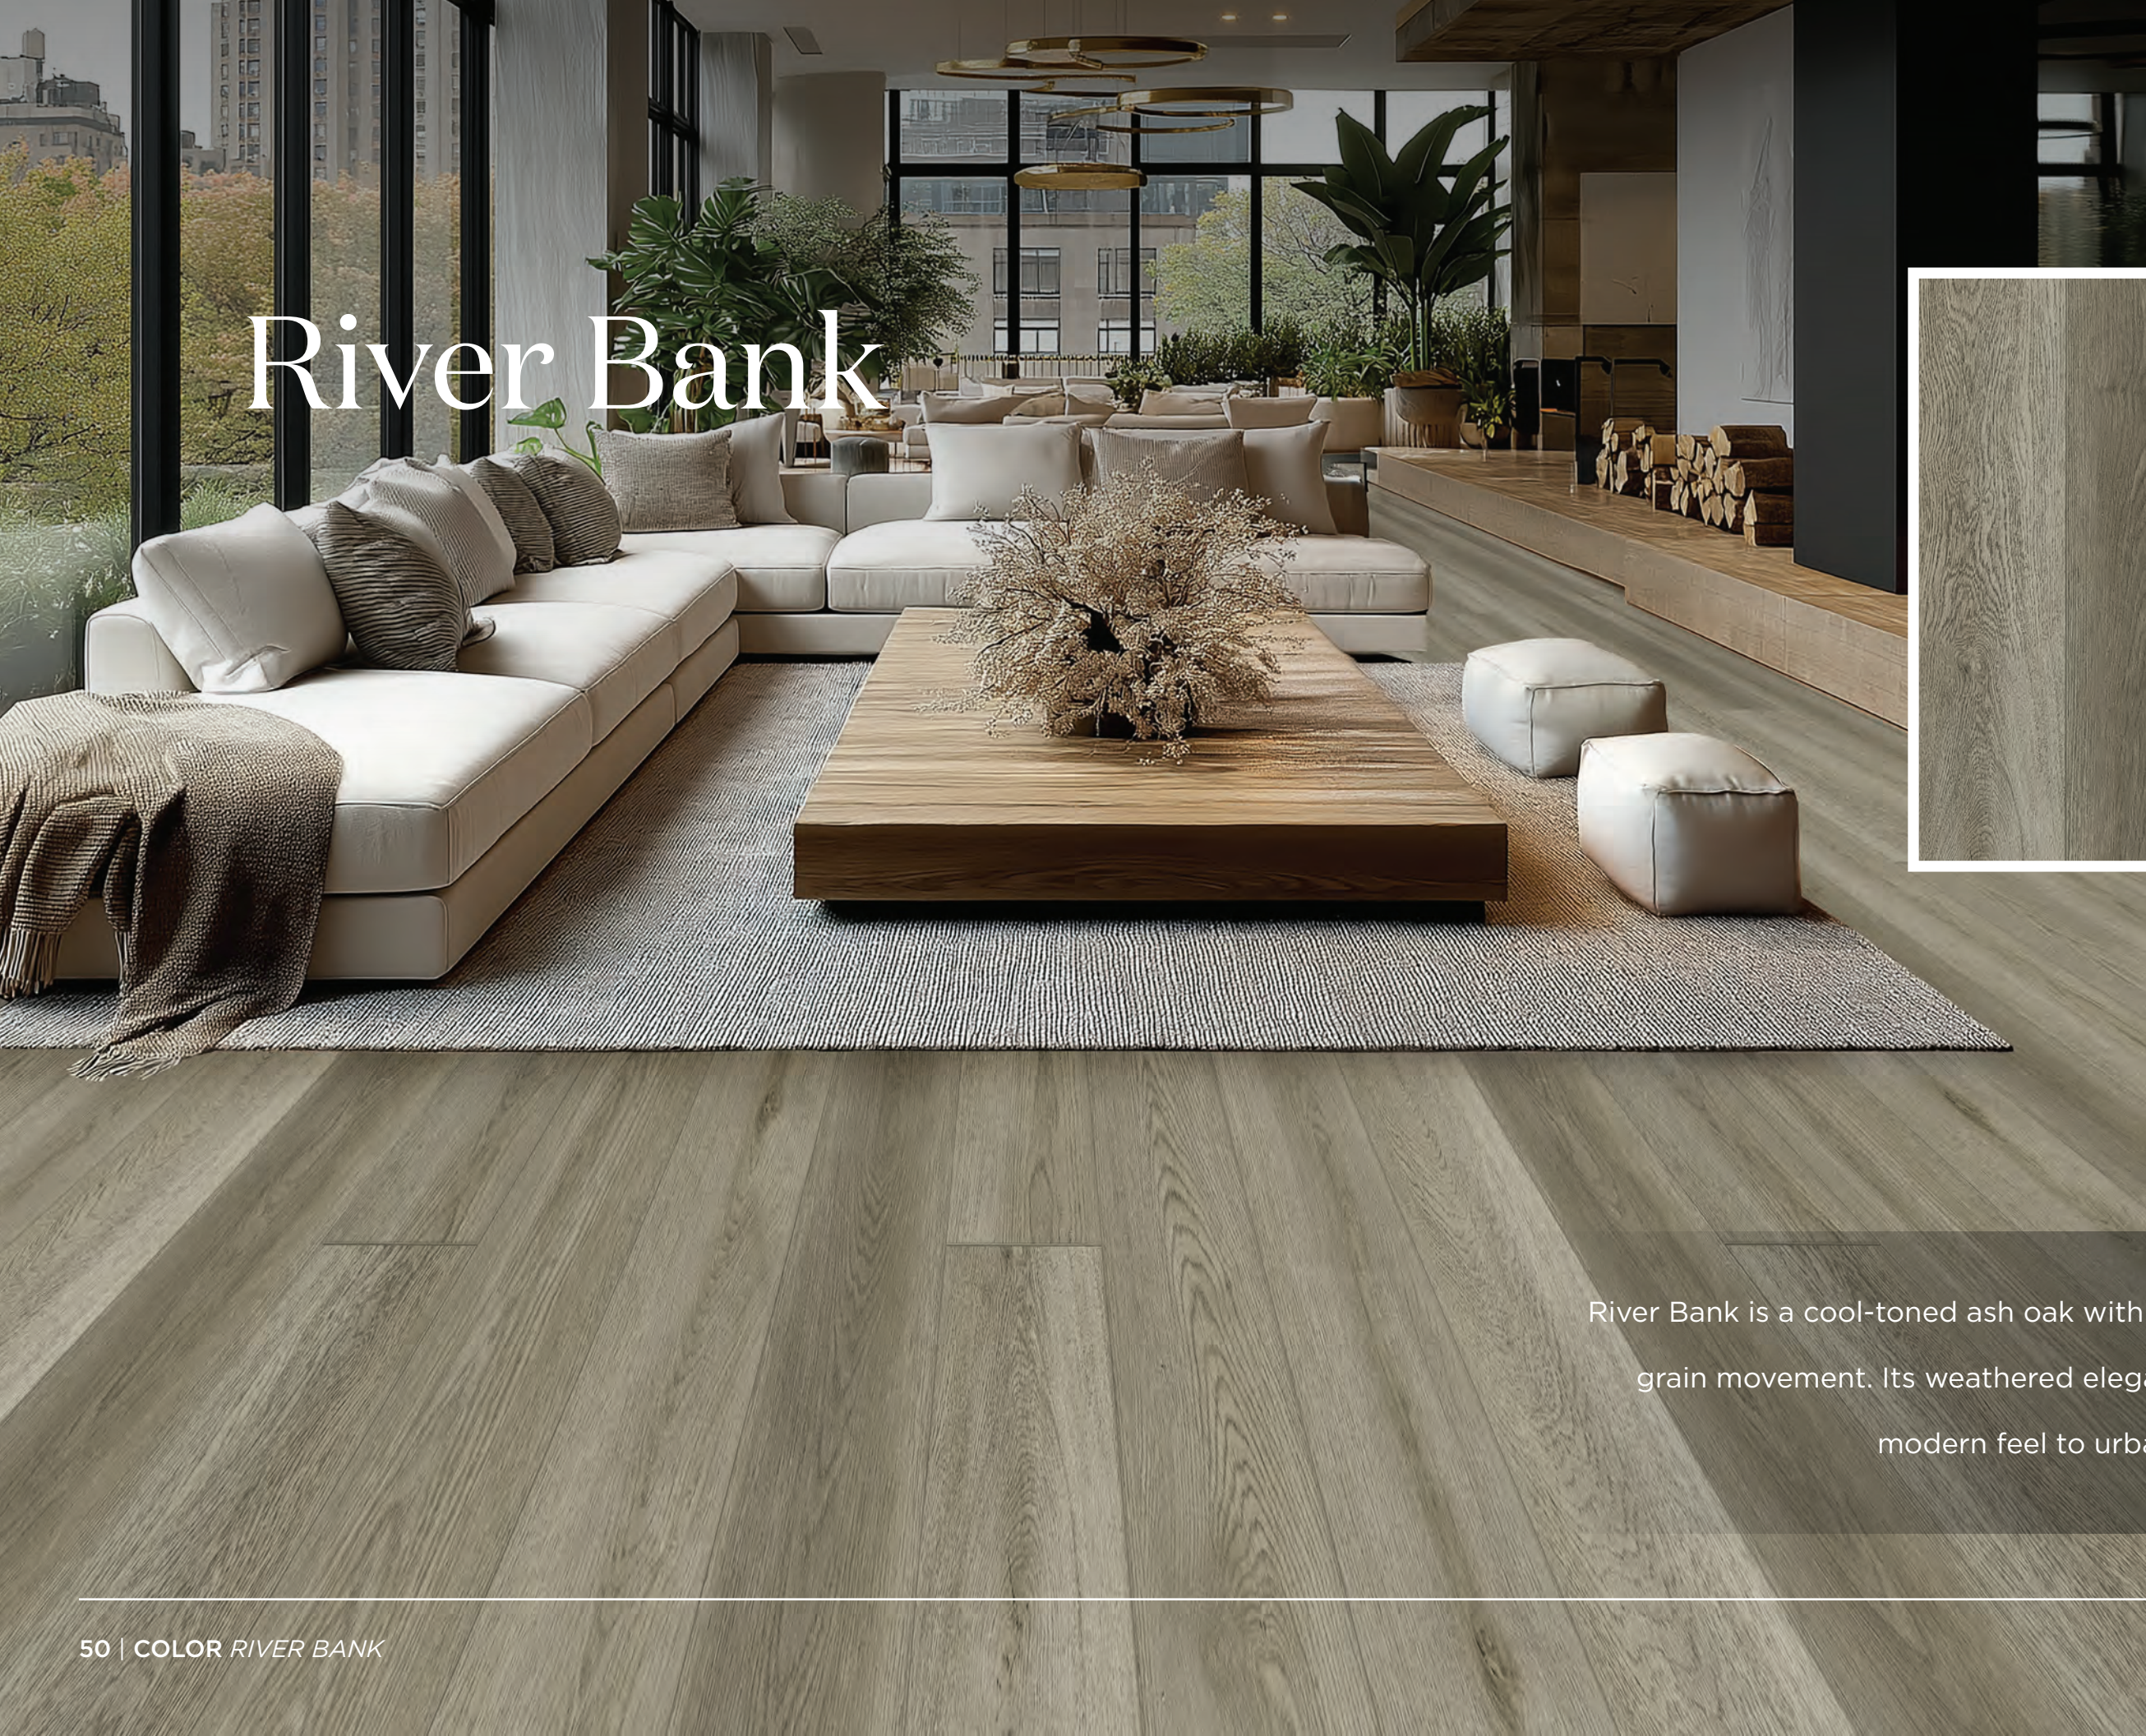

# Montauk

Montauk is a soft, driftwood-toned oak with cool beige undertones and gentle grain movement. Its light, breezy finish brings a relaxed coastal elegance to modern interiors.

# River Bank

River Bank is a cool-toned ash oak with layered greys and soft grain movement. Its weathered elegance adds a grounded, modern feel to urban or industrial spaces.

# Brooklyn

Brooklyn is a soft taupe with gray undertones and a smooth grain. Its balanced tone complements both warm and cool palettes with quiet, modern ease.

# Specifications

AquaSense combines the beauty of real hardwood with advanced waterproof performance, making it ideal for busy homes and commercial spaces. Crafted with a genuine wood veneer and a stable core, each plank offers a refined, modern look with the durability to match.
